<b>Education:</b>	Georgetown University	MBA	1989
	Medical College of Virginia, VCU	MD	1995
	University of New Mexico Hospitals	Residency (Psychiatry)	1999

**Area Specialty:** Integrated Behavioral Health Care Systems and Services Development, Workforce Competency Development, and Continuous Quality Improvement

**Board Certification:** Diplomate - American Board of Psychiatry and Neurology, Inc., a member Board of the American Board of Medical Specialties

**Current Position (2001-current):** Dr. Cline is the President and CEO of ZiaPartners, an Arizona corporation. The company provides consultation and technical assistance nationally and internationally to health care systems, both public and private, on creating quality-driven systems of care. ZiaPartners focuses on strategic planning and implementation strategies for system development in areas such as co-occurring disorders (mental health and addictions, trauma-informed care, services for developmentally disabled individuals) services for children, adolescents, adults, older adults and families. Additionally, consultation/technical assistance focus includes the development of ideal crisis systems, service planning and practice guidelines development, prevention and early intervention, recovery-oriented programming and consumer advocacy development, primary care integration and expansion of behavioral health capabilities of primary care systems, quality oversight and critical incident review, rural networks and outreach, interagency collaboration (including State/University collaboratives), and State Hospital /CD unit development, among other things. ZiaPartners/ZiaLogic has been a consultant to the majority of the SAMHSA state grantees for Co-occurring Disorders State Infrastructure Grants (COSIGs), as well as approximately 20 other state, county, district, provincial and network systems. ZiaPartners also has developed and field-tested toolkits to support system development, such as system outcome and fidelity assessment for integrated services, co-occurring capability program competency self-assessments, clinician competency development tools, system change agent programs and clinical training curricula.

In addition, Dr. Cline is the Director of Collaborative Impact for the Meadows Mental Health Policy Institute for the state of Texas, the largest privately funded behavioral health policy institute in the US. As such, Dr Cline has engaged in numerous projects aimed at improving access to, and delivery of, quality behavioral healthcare services to various BH populations at risk.

**Immediate Past Positions:**

- 1999-2004 Medical Director for the Behavioral Health Services Division of the New Mexico Department of Health—State Authority for Substance Abuse and Mental Health Services for Population Management and Quality Oversight
- 2000-2004 Project Director -- New Mexico Department of Health Co-occurring Disorders Services Enhancement Initiative
- 1999 --2004 Project Director -- New Mexico Department of Health New Mexico Pharmacotherapy Initiative

**System****Consultations:**

2001 – Present

Consultation on the development of the Comprehensive Continuous Integrated System of Care as a best practice model for enhancing services for individuals with psychiatric and substance disorders, as well as consultations on broader system transformation, integrated services for individuals with co-occurring health, behavioral health, and cognitive disabilities as well as other complex human service needs, and consultation/training on the implementation of comprehensive behavioral health crisis systems:

(Some consultations are statewide, others are county or regional): Alaska, Arizona, Arkansas, California, Colorado, District of Columbia, Florida, Georgia, Hawaii, Idaho, Illinois, Iowa, Louisiana, Maine, Maryland, Massachusetts, Michigan, Missouri, Montana, Nebraska, New Mexico, New York, North Carolina, Ohio, Oklahoma, Oregon, Pennsylvania, South Carolina, South Dakota, Tennessee, Texas, Vermont, Virginia, Wisconsin, and Washington. In addition, consultation has been or is being provided in Alberta, British Columbia, Manitoba, Ontario, New Brunswick, Nova Scotia, and Prince Edward Island in Canada as well as in Queensland, Tasmania, Victoria, and Western Australia.

**Presentations:**

Dr. Cline has made over 1,000 presentations to state, regional, and local systems of care across the U.S., Canada, and Australia. Presentations are designed to assist adult and child and adolescent behavioral health systems of care and associated partners in visioning and implementing system-level change.
